6. Evaluating Progress Toward Measurable Goals MCM 5

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Continue to ensure the use of permanent stormwater management treatment facilities for applicable development projects, institute perpetual care agreements or require public dedication to promote long term health of treatment facilities, continue to inspect exist. storm management facilities concurrent with dry weather outfall observations.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Charlton has had only two major residential development projects in at least 20 years. Currently there are only eight modern era stormwater management facilities town wide. The oldest of those facilities is less than ten years old. Their designs are modern and they are in working condition. Outflow from those storm facilities is observed at least 2 times per year and is typically clean and free of sediment or pollutants.

C. How many times was this observation measured or evaluated in this reporting period?

			2
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

☒ Yes ☐ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

☒ Yes ☐ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

As per 2/9/21 correspondence with EPA, Charlton will begin inspection of privately owned post-construction practices this year if given permission. This will begin in May 2021. One major subdivision project continues to be under construction and has been inspected numerous times to ensure SWPPP compliance. The Town also receives reports from private inspector. The Town hired a new Zoning Officer in 2020. He will be briefed on MS4 policies at agenda meeting in ~June 2021.

For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.**

7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Maintain Town Hall storm system, housekeeping policies at Town Garage, training class for Highway Superintendent, street sweeping agreement with Ballston Spa, rotate storm sewer cleanout, ditch maintenance. Began brine pretreatment of roads to reduce salt usage,

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Charlton's water testing program continues to validate the lack of pollutants in the watershed. Town owned & managed facilities are in good condition and are well maintained. Municipal facilities are observed daily and maintenance issues are addressed as soon as possible.

C. How many times was this observation measured or evaluated in this reporting period?

D. Has your MS4 made progress toward this measurable goal during this reporting period?
☒ Yes ☐ No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
☒ Yes ☐ No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Charlton's good housekeeping MCM is in full implementation in accordance with its Storm Water Management Program Plan. The Town will continue to pursue the same policies in the upcoming year. In early 2018, the Town hired a new Highway Superintendent. Some reporting parameters were not available from the departing Superintendent. The Highway Super continues to work with the TE and outside training opportunities to become familiar with MS4 provisions.
