

10/28/19

The Zoning Board did not have a meeting this past month, as there were no items on the Agenda. The Cell Tower application was provided to and looked at individually by all Board members, and I was advised that no one had any issues that needed clarification nor that needed to be discussed. Thus, the Zoning Board felt it unnecessary to meet to discuss the matter further, and provides no comments on the application/project, other than to say that the application appears complete and contains no zoning issues nor concerns that this Board feels need to be raised or have addressed. We leave it in the hands of the Town Board to proceed with the Application as is required by Town Code.

Respectfully submitted,

Chip Ellms

Chairman ZBA
